

Peace Treaty Signed

PRESIDENT WILSON CABLES MESSAGE TO THE UNITED STATES

Washington, June 28.—The treaty of peace signed today, while severe because of the great wrongs done by Germany, "imposes nothing that Germany cannot do and ends once and for all an old and intolerable order," President Wilson said in a cabled message to the White House today.

Addressed to "My Fellow Countrymen," the address was as follows:

"The treaty of peace has been signed. If it is ratified and acted upon in full and sincere execution of its terms, it will furnish the charter for a new order of affairs in the world. It is a severe treaty in the duties and penalties it imposes on Germany, but it is severe only because great wrongs done by Germany are to be righted and repaired; it imposes nothing that Germany cannot do; she can regain her rightful standing in the world by the prompt and honorable fulfillment of its terms. And it is much more than a treaty of peace with Germany. It liberates great people who have never before been able to find the way to liberty. It ends, once for all, an old and intolerable order under which small groups of selfish men could use the peoples of great empires to serve their own ambition for power and dominion. It associates the free governments of the world in a permanent league in which they are pledged to use their united power to maintain peace by maintaining right and justice. It makes international law a reality supported by imperative sanctions. It does away with the right of conquest and rejects the policy of annexation and substitutes a new order under which backward nations—populations which have not yet come to political consciousness and peoples who are ready for independence, but not yet quite prepared to dispense with protection and guidance—shall be no more subjected to the domination and exploitation of a stronger nation, but shall be put under the friendly direction and afforded the helpful assistance of governments which undertake to be responsible to the opinion of mankind in the execution of their task by accepting the direction of the league of nations. It recognizes the inalienable rights of nationality; the rights of minorities and the sanctity of religious belief and practice. It lays the basis for conventions which shall free the commercial intercourse of the world from unjust and vexatious restrictions and for every sort of international co-operation that will serve to cleanse the life of the world and facilitate its common action in beneficent service of every kind. It furnishes guarantees such as were never given or even contemplated before for the fair treatment of all who labor at the daily tasks of the world. It is for this reason that I have spoken of it as a great charter for a new order of affairs. There is ground here for deep satisfaction, universal reassurance and confident hope."

"WOODROW WILSON."

ALLIED CHIEFS WHO SIGNED THE WORLD'S GREATEST TREATY.

The leading representatives of the Allied Powers and the United States who today affixed their signatures and official seals to the greatest peace document in the world's history. The treaty was signed at Versailles. The top row, left to right: Premier Lloyd George of Great Britain, President Wilson of the United States of America, Premier Clemenceau of France. Bottom row left to right: Minister of Justice Vandervelde, of Belgium; Signor Francesco Nitti, of Italy; Baron Makino, of Japan.

GERMANS SUBMIT TO THE TERMS OF THEIR CONQUERORS

Versailles, June 28—Germany capitulated today.

At a small table in the center of the great Hall of Mirrors, the chief room of the palace here, representatives of German republic meekly accepted the peace terms which practically ends Germany as a world power, at least for many years. The signing of the treaty was completed at 3:50 o'clock and the Germans left Versailles immediately. It was this same room which witnessed the arrogance of Bismarck and Von Moltke and today the representatives of the defeated German empire accepted the fate which resulted from the junkers' dream of world dictatorship.

It is five years ago that the plotted assassination of the Austrian archduke Francis Ferdinand furnished the excuse Germany sought for starting the world conflict. Sarajevo's tragedy has made the great central empires supplicants.

The situation in Versailles today is the fulfillment of the greatest dream in modern history. Gathered around the historic hall were the representatives of every great nation in the world. Only the smaller neutral nations were missing. The great horse-shoe shaped table held the representatives of every power which banded together to stamp out militarism and absolutism from the earth.

In the center of the great horse-shoe sat Clemenceau, the French premier. At his right sat President Wilson. On his left was Lloyd George, the British prime minister.

Across the room and just in front of the section reserved for the guests the German delegates were seated. The contrast was very sharp. The old Prussian arrogance was not revealed by the members of the German cabinet, who had assumed the duty of salvaging what was left of their country.

The Germans were first to affix their signatures to the treaty. It had previously been planned to have the Germans sign last, but this procedure was changed at the last moment.

Dr. Mueller was the first to attach his signature to the treaty, signing at 3:12. Dr. Bell signed next.

President Wilson was the first to sign following the Germans. The rest of the American delegation affixed their signatures below the president's.

Premier Lloyd George was the next to sign the momentous document. The remainder of the British delegation followed him.

The "Tiger" of France, Premier Clemenceau, signed his name to the treaty at exactly 3:23 p. m.

General Smuts signed the treaty on behalf of British South Africa, but at the same time handed out a statement protesting against the punishment of the kaiser and other features of the treaty.

The signing of the treaty was completed at 3:50 p. m., it having taken approximately 40 minutes for the proceedings.

The seating arrangement of the delegates was as follows:

On President Wilson's side of the table—Secretary Lansing, Colonel House, Henry White, General Bliss and after them the French, Italian, Belgian and Greek delegates. Swinging around the horse-shoe were the Polish, Portuguese, Roumanian, Czechoslovakian, Slavians, Cuban and Chinese delegates. At the left of Premier Lloyd George were the other representatives of Britain and her

dominions and the Japanese. Swinging around the corner were the representatives of Germany, Brazil, Bolivia, Uruguay, Peru, Panama, Nicaragua, Liberia, Honduras, Haiti, Guatemala and Ecuador.

Marshal Foch was seated among the French delegates. He was not a peace plenipotentiary and did not sign the great document.

Of the Italian delegation only three were present—Baron Sonnino, M. Imperiali and Crespi. The others had not arrived at a late hour.

Paris was enfevered for the occasion. A holiday was proclaimed throughout. From every building hung the flags of the allied nations. Thousands of persons in holiday attire gathered along the roads leading to Versailles. The streets, as usual, were heavily guarded by troops. Through packed lanes of humanity the delegations passed, one by one, their motors flaunting the flags of practically all nations except those which made up the central powers, the few neutrals not represented.

The arrival of each delegation was heralded by a trumpeter. After being saluted the members were taken in charge by attendants and conducted to the places assigned for them.

Shortly before 3 o'clock motors left the palace in charge of the French military mission and went to the hotel Reservoir. Here the German delegates were taken in charge and driven back to the palace where they waited in an anteroom until the stroke of 3 when M. Martin, the master of ceremonies, directed that they be conducted to the hall of mirrors. The German delegates were last to

KAISER WILL END HIS LIFE RATHER THAN STAND TRIAL

London, June 28.—The kaiser will kill himself rather than to submit to the indignity of trial by his enemies, according to his son, the ex-crown prince, in an interview with the Daily Express correspondent at Wierengen.

The prince made this declaration after a conference with his father, which he had this week. It was to the castle, where the ex-kaiser is interned that he had gone and not to Germany, the crown prince said. He seemed to enjoy the excitement caused by his temporary absence from the island.

"The kaiser will never submit to trial. He will die first," declared Frederick Wilhelm.

"I am going to Germany myself as soon as peace is formally declared. I will go to Silesia."

The former prince refused to discuss the war. He declared, however, that East Prussians and Silesians will never accept Polish rule. Great trouble is ahead for the league of nations, he thought.

"I was visiting my father when it was reported I was in Germany," concludes the interview.

BETTING ON FIGHT IS VERY SLACK

New York, June 28.—An apparent lack of Willard money along Broadway has been responsible for the fact that local betting on the big fight has been very slack. Dempsey seems to have a host of followers here. Jack Doyle, who is an authority on the way betting goes on all big sporting events, said today that there is nothing but Dempsey money in sight. He added that reports from Toledo to the effect that Willard is not training are making Willard money scarce.

"The sports will not back a champion until they are sure that he is fit and ready to defend his title," said Doyle.

GERMAN PRESS IS ALREADY URGING WAR OF REVENGE

Amsterdam, June 28.—The German press is urging a war of revenge as soon as the peace treaty is signed.

The Deutsche Zeitung declares: "From today on we must arm. We must repeat daily 'the god who created iron does not make slaves.'"

NEW YORK TIMES ADVOCATES IRISH SELF GOVERNMENT

London, June 28.—The Times came out today in advocacy of Irish self government.

In a series of articles advocating the settlement of "peace with Ireland," it says that the prime minister must at once be worried into action looking to this end.

"Ireland shall be her own mistress," declares the article. "We believe in the possibility of promoting Irish welfare under a generous system of Irish self government."

NON-UNION GIRLS ARE EJECTED

Cleveland, O., June 28.—Attempts of 30 non-union telephone girls to intrude at a union organization meeting held by several hundred telephone girls at Electric Hall last night resulted in the forcible ejection of the intruders and the arrest of one. The non-union girls were first led one by one from the hall and when they insisted upon remaining in the hallway, a squad of police came and ejected them from the building. Miss Rose Sullivan, of Boston, and Miss Grace Moriarity, of Cleveland, speakers, were heckled throughout their speeches by the non-unionists who were later ejected. It was announced at the meeting that the new telephone girls union now number 1400 in Cleveland.

PRESIDENT WILL LEAVE AT ONCE

Washington, June 28.—President Wilson will leave Paris for Brest at 9:30 o'clock tonight. Paris time, he notified Secretary Tumulty by cable today.

The president also notified Tumulty that on the request of a citizens' committee he had consented to be accorded "an unofficial greeting" upon his arrival in New York.

MARTIAL LAW IS THREATENED

London, June 28.—Gustave Noske, German minister of defense, fearing a general political uprising, has threatened to establish martial law throughout all Germany, according to a Central News dispatch today from Copenhagen.

KING PETER OF SERBIA GRATEFUL TO THE AMERICANS

Athens, June 28.—Alone, almost forgotten by the world, King Peter of Serbia lives surrounded by a few faithful officers, at Phaleron, a few minutes ride from Athens. The King is suffering from paralysis and passes most of his time in one room of a small house overlooking a sea dotted with the lateen sails of Greek fishermen.

Occasionally a courier arrives from Belgrade bringing word to the old man from his son, Prince Regent Alexander. King Peter still takes an active interest in world events despite his physical condition. Occasionally he rides to Athens when he learns that a fresh batch of mail and dispatches from him has arrived. On these trips he is assisted into a side car attached to a motorcycle, as he prefers this simple conveyance to the automobile.

King Peter lives the simple life at Phaleron. He rises early and retires at sunset. His food is the simplest possible. His home is very modest in all its appointments. Despite his condition King Peter recently received a newspaperman and expressed his thanks for what America had done for his country.

"Serbia will never forget what America has done for her in her need," said the old King. "No nobler sentiment than that of charity can touch the heart and never has a people obeyed in fullest measure the promptings of that sentiment as has the American people. Noble sentiments call forth noble sentiments and the Christian charity of the American people, so marvelously organized by the Red Cross, has made my own and the heart of our people beat with a feeling of profound gratitude."

"And this sentiment is the deeper because our misery was great and America's help came promptly. The war has ceased, but our misery continues. Responding to that need, America has worked miracles."

"The deep sadness so painfully depleted on the face of our mothers, our sisters and our children left at home awaiting the day of liberation, barefooted, hollow-cheeked and brokenhearted—all have given way to the smiles which everywher these same faces everywhere the Red Cross has passed."

"And this smile of the people is engraved on their faces by the feeling of gratitude reflected from the bottom of their hearts and souls touched by the kindness and the charity of the American people."

"I am personally grateful for this Christian charity, marvelous in its way, for it has changed as if by enchantment, tears and suffering into smiles and joy."

"Sprung from the Serbian people as I am, indeed, a part of them, I do as they do and say simply to the American people, to all the generous givers in America who have made and are making this wonderful work of the Red Cross possible: 'Thank you, thank you, with all my heart.'"

MISS OPAL BARNES BECOMES BRIDE OF SAMUEL H. STAGGERS

Masses of daisies filled the home of Prof. and Mrs. D. H. Barnes on High street, for the wedding of their daughter, Miss Opal Geraldine Barnes to Samuel Heaton Staggers, of Tampico, N. M., which took place at 4 o'clock Saturday afternoon. Between the living room and parlor, in the arch formed by the doorway, daisies and smilax made a bower beneath which the bridal couple stood during the ceremony.

The Rev. Charles P. Proudfit of the Second United Presbyterian church officiated, as the bride's pastor, and the single ring service was used.

There were no attendants for the bridegroom and bride, who descended the stairway together and walked to the spot beneath the floral arch, while the wedding march from Lohengrin was played by Miss Corinne Patton of Dayton. While the service was being read, Miss Patton played softly "To a Wild Rose," by McDowell. The bride was attired in her traveling costume of blue satin coat suit, with tan tricotette vestee, flesh colored georgette blouse, and large black hat, with touches of blue. She wore a corsage bouquet of bride's roses. The brooch of pearls she wore was the bridegroom's gift.

For the five course wedding dinner which was served following the service, the bride's table was decked with daisies, a crystal basket of the flowers forming the centerpiece. There were covers at this table for the bridegroom and bride, Prof. and Mrs. Barnes, Rev. and Mrs. C. P. Proudfit, Miss Patton and Miss Ruth Barnes. The rest of the company was served at small tables.

Mr. and Mrs. Staggers are planning to leave Xenia immediately after dinner, for their honeymoon trip in the firm of Staggers, Mallory and Galther Mexican home. After visiting Washington and other cities they will go by Ward line steamer from New York to Havana and spend several weeks there, later going to Tampico, where they will live, and where Mr. Staggers' oil business is situated. They will take an apartment until their bungalow home is completed.

Mr. Staggers is in the oil business in Tampico, and is senior member of the firm of Staggers, Mallory and Galther. He is a Pittsburg man, and met the girl who became his bride while both were attending Antioch college, from which he graduated six years ago. He went to Mexico immediately after graduation from college, and became very prosperous in that country.

Mrs. Staggers has been a member of the faculty of McKinley school, having for the last three years had charge of the fifth grade. She graduated from Xenia high school, and took her normal course at Antioch.

enter the hall. Following their entrance came the German journalists who were conducted to seats in the rear of the press section.

Premier Clemenceau opened the ceremonies.

The pen used to sign the documents was of gold, the gift of Alsace-Lorraine. It was made by an Alsatian soldier. On the holder was engraved the images of an Alsatian church tower, a bewhiskered poilu and a flying arrow, inscribed "June 28, 1919."

Included in the distinguished guests section were the four war premiers of France who preceded Clemenceau—Viviani, Ribot, Briand and Painleve. President Poincare absented himself for constitutional reasons, sending the seats reserved for himself to his former associates.

Immediately after the first signature was attached the wireless on Eiffel tower flung the news to the world. It was picked up by every wireless station in Europe and saluted by salvos of artillery at every garrisoned fortification.

There was little of world wide joy and exuberance evidenced by the men who sat around the peace table. In the past it has been customary to exchange felicitations with the enemy delegates. Nothing of the sort was apparent today.

It is generally accepted that the German national assembly will ratify the treaty in order that the nation may get back to a peace basis and endeavor to build up its economic life.

The weather, which for the past few days has been cold and raw, moderated somewhat today but was overcast at noon and accompanied by a cold wind.

Johnson is representing Miller. A number of witnesses have been called.

Washington, June 28.—To the lover of trees the letters, J-U-L-Y spell S-P-R-A-Y, for July is the month to get the enemy insects, says the statement from the American Forestry Association. Charles Lathrop Pack, president of the Association, in an article on that subject in the American Forestry magazine, estimates the annual cost of enemy insects to this country \$500,000,000. To check the annual feed, the association makes these suggestions for July:

To destroy caterpillars drive carpet tacks part way into a long stick end. Catch your web at highest point and start turning in until you have the web, then plunge into any liquid that will kill them.

The sycamore blight may be found in the shape of a white woolly mass, on the under side of leaves, causing them to curl and wilt. Get the Berdo mixture in proportion of one pound to eight gallons of water.

Quick Way to Whiten
Discolored Teeth

While the cleansing of the teeth seems fairly well assured by the regular use of the tooth brush, this can by no means be depended upon to maintain the whiteness and lustre of the enamel. This is only too well appreciated by thousands of particular men and women who, in spite of the liberal use of various tooth powders, pastes and liquids, seem unable to remove the tinge of yellow or gray from the front of their teeth, or black or brownish fringes about the edges.

It will be welcome news to all such that every stain and discoloration can be completely and quickly removed by the use of "Once-a-Week Tooth Polish," the discovery of a well-known dentist. If used once a week, in addition to the usual dentifrice, the disagreeable tints will not reappear and the teeth will always have that spotless milky whiteness and sparkling beauty so much admired but so seldom seen. Its effectiveness is all the more remarkable because it is so perfectly harmless. Instead of scratching or eating into the enamel or injuring the gums, it helps keep teeth, gums and mouth in a healthy state. Used by the little ones it will do much to prevent children's ailments. Druggists sell Once-a-Week Tooth Polish in convenient packages, with simple directions.—Adv.

The cast is to include thirty people, with orchestra, stage settings and costuming complete.

Mr. Eickmeyer has delivered to the local Chautauqua committee season tickets which are to be on sale at various central locations. This year, as in the past, the season ticket price is \$2.20, including war tax.

At a meeting of local supporters of the Chautauqua held in the Business Club rooms Friday evening John W. Miss Cavanaugh will handle the tickets and give them out to the ticket sellers.

CENTENARY
CELEBRATION
COLUMBUS

Described by William C. Freeman, Associated with Paul Block, Inc. New York, Chicago, Detroit, Boston.

Two little boys were playing together when one asked the other who discovered America. His companion answered "Ohio." The other said: "That isn't the right answer."

"Sure it is," the other boy persisted.

"No, you're wrong, Columbus discovered America."

The first little fellow who insisted that "Ohio" discovered America, then said, "Columbus was his first name."

COLUMBUS, OHIO, at the present moment seems to have discovered many worlds, judging from the exhibits that are displayed at the Centenary Celebration.

It is altogether fitting that the word "Columbus" is attached to this exposition, because it is in Columbus, Ohio, that things are shown which mark the great progress of the world since the days when Columbus discovered this wonderful country—the one country in all the world that is able to do and is glad to do more for all of the other countries of the world than any other single nation.

You know this great country of ours represents in a way all of the peoples of the world, because we have opened our doors wide to receive all who care to come here and share in the advantages that accrue to American citizenship.

At the Centenary Celebration Columbus you will find groups of people representing most of the countries of the world.

You will be amazed and delighted to see the progress they have made.

They participate in the great variety of exhibits and entertainments at the Centenary Celebration.

You will find in the coliseum a great pipe-organ, played by the master organist of America.

You will find him assisted in rendering his remarkable musical program by Cincinnati's famous symphony orchestra, consisting of 75 pieces.

Walking through the Fair Grounds, you will hear a wonderful band composed entirely of colored boys—100 of them. You will hear inspiring concerts by a remarkable trombone chorus.

You will hear in nooks and corners, throughout the Fair Grounds, 16 negro quartets singing famous Southern lullabies and melodies.

You will see every afternoon a wonderful parade, paralleling in interest any Barnum and Bailey parade you ever saw, and consisting of representatives of a great many nationalities together with elephants and camels, etc.

When you want to sit down and rest for a while you may go into the big moving picture house without cost, where the great moving picture companies of America are daily exhibiting their wonderful productions gratuitously.

These are only a few of the things that are provided by the

OUR VAST WEALTH—AND A SUGGESTION.

Before the war we were a debtor nation to the amount of \$5,000,000,000. Now we are a creditor nation by more than \$10,000,000,000. We hold in our vaults more than one-third of the gold of the world; all of which leads us to the reasonable conclusion that our financial situation is better than that of all the rest of the world combined.

And that is not all. The war proved to us that our ability for intensive production had never been tested. This war has cost us more than all the expenses of our government from 1787 to 1917—130 years; and yet our facilities were so immense and the ability was so great that we are able to meet the stupendous task without real suffering coming to any one.

These facts are stupendous. They are calculated to make us swell up with pride about our wealth. Sure, there is plenty of money, but alas how sadly seems the distribution of it. We are each sure that we haven't our share. Plenty of money—true enough—but before you brag too much about our wealth, try to borrow some.

Only yesterday we were reading the advertisement of a Cincinnati bank with fifty-five millions of dollars resources. Think of that. No scarcity of money. Only the trick is to get it.

When money represents so many things, not to want it is foolish. Think of the thousands of good uses you could put it to. To possess money is very well—it may be made a valuable servant in a thousand ways. But beware that it possess not you. To be possessed by it is to be possessed by a devil and one of the meanest and worst kind of devils. Of all despicable persons the miser is the most contemptible.

Patriotism in the sense of strong love of country is the sense of strong love of country is sublime.

When an individual comes forward and volunteers to surrender to his country's needs \$600,000, the circumstances would be a noteworthy incident in any part of the world. Such a man has been revealed in a letter to the London Times signed "F. S. T.," saying:

"I have decided to purchase \$600,000 of the new war loan and present it to the government for cancellation. How can a nation be made to understand, in view of the gravity of the financial situation, that the love of country is better than the love of money? Only by example."

What a fine sample of patriotism, love of country, is this. Yes, a thousand times better than a thousand legacies to spendthrift youths who have used the money in their own downfall by dissipation.

And while we are bragging of being a nation of great wealth, how beautiful a thing it would be if some of our multi-millionaires would set the example here of imitating that English patriot, and bequeath to their dear Uncle Sam some part of the money his splendid country gave them the opportunity to acquire.

We make the suggestion and hope it may take like wild fire. There could be scarcely a more commendable enterprise than to get up a "boom" to bequeath money to the best country on which the sunshines, the Hope of the World.

PRICES WILL NOT DROP.

Why has building and other productive industry halted? Mainly, says Prof. Irving Fisher of Yale University, because most people have been expecting prices to drop.

The people quote the disparity between present prices and those prevailing before the war, and decide they will not buy much until present prices get down to "normal."

"This general conviction that prices are sure to drop is putting a brake upon the entire machinery of production and distribution. Re-adjustment waits because we keep on waiting for it. We have waited in vain for months."

"If we keep on waiting, says this economist, it will still be in vain. For prices are not going to drop. In

some scattered instances they may come down, as a result of special conditions in special industries; but the general price level will not come down much, if at all, because there are no reasons for it. If money is "inflated" it is going to stay inflated, the world over. Labor is going to stay up. Raw materials are going to stay up. We cannot get back to before-the-war conditions.

"We are on a permanently high price level," concludes Prof. Fisher, "and the sooner the business men of the country take this view and adjust themselves to it, the sooner will they save themselves and the nation from the misfortune which will come if we persist in our present false hope."

This advice comes from a man who is disinterested and is recognized as a high authority. It should be heeded.

THE PROMOTER'S WIFE

BY JANE PHELPS.

TO DO RIGHT BRINGS PEACE
AND HAPPINESS.

CHAPTER CXXVI.

The summer came and went. Our garden was a constant source of pleasure as well as profit. Robert helped me before and after school and through the vacation with my flowers so they were cared for as they should be. Neil rose early and worked an hour in the garden before he went into town. He was happier, healthier than he had been since the first years of our marriage and did not hesitate to say so. We had bought a lot, and were paying for it as fast as possible. We had decided upon a plan for our house, and were so happy over it that we often laughed at ourselves for being so foolish. "Just like a couple of kids," Neil declared.

Ned Rayburn had bought the lot next us, and they would also build a house which would look well next to us. I had mentioned them about building too elaborately or we would be dwarfed. Many evenings that winter we gave to talking of our new home, of our plans for Robert and his little sister, who had arrived in the late autumn and whom Robert adored.

Neil was making good in adjusting the affairs of the business, "getting it on its feet again," he said. Mr. Frederick had not come East for months. He left everything to Neil. This entire confidence he displayed did more to give Neil back his self respect than any other thing could have done. He was growing brighter, more like his old self. Some of the boyishness was noticeable at times and I fairly gloated over it. It was the old Neil I had married coming back to me, the best part of him.

By spring we had paid for the lot, and started building. What a constant source of pleasure it was to watch that little home grow. Every night when dinner was over Neil and I walked over to see what had been accomplished during the day. It made no difference that I had taken Elsie in her go cart over in the morning. I was just as interested in going again. It seemed to me that never was a home so longingly looked for, so eagerly awaited as was that six room house on Long Island. We were to pay a little down, then some as rent, the rest on a mortgage which Ned Rayburn had taken at 5 per cent. That made it easy for us, and allowed us to buy what was necessary to furnish it. We moved in for Christmas. And never were two people more thankful than were Neil and I.

"It's quite different from the New York home, Bab," he said on Christmas morning. It was our present to each other.

"But I shall like it far more, Neil. We are going to be so happy here. And when it is all paid for we will buy better furniture. One piece at a time until we have it all to our liking."

"What a little executive you are," he answered smiling and bending down to kiss me. "Here is a letter from Frederick. I forgot it for a moment. The postman just left it."

We stood together as he opened it. I read it with him, then he read it aloud while we both let fall a few grateful tears.

"Dear Friends: I wish you a very merry Christmas. I have planned for you to receive this on that day. I enclose a contract for next year for you, Forbes, and a check for the wife and children. Buy them something they want, but don't really need. Barbara has gone without the pretty things women love so long, get her something really foolish—as she may think. Now I have something to tell you. Robert said I should be third with him because I had no boy of my own. I shall look after him, his education, etc. And if he outlives me make him my heir. I shall never marry." There was much more, but of interest only to us, until the close he said:

"Many men have gone through deep water Forbes, you among them. But I am proud to have you associated in business with me. Experience is a hard teacher but sometimes her work is so well done that one forgets the hardness in time because of the results. I believe you are a better, a bigger man because of what happened." Then he wished us all a merry Christmas, and closed.

"Haden't you better look at the contract?" I asked as Neil stood holding it in his hand. It was for ten thousand dollars, because you are worth it to the business, not because of friendship, he had added, so making Neilville, Pa.

To Be a Second Wife Seemed Like Having a Warm Over Dinner

Only it was affection instead of love
that was warmed over."

So reasoned Sandra Courtney, with all the innocence of just-eighteen. Never, never, would she marry a man who had been married before!

And yet Everett Graham, rich and handsome, forty-one and a widower, persuaded her to marry him. So she put aside the persistent little doubt that would creep into her mind, even on her wedding morning, and went trustingly away with him.

Her chum said the ghost of his first wife would haunt her. But Sandra laughed at that idea. Didn't she love Everett—not in the overwhelming fashion the novels painted, to be sure, but that sort of love would come in time. Did it come? And did she have reason to be jealous of that earlier wife? Read "Sandra the Jealous," beginning Monday, June 30, in the Gazette and Republican.

supremely happy. The check for Robert and me was for five hundred dollars. I wanted to put it toward the house, but Neil said "no" he would buy me the brooch. I had so admired in a jeweler's window the last time I was in town. And for Robert he bought him a mecano outfit he long had desired intensely.

"Right living, doing all one can seems to bring its own reward," Neil said as we sat together after the children were in bed. "I thank God every day of my life that he gave me the chance to be a man in spite of my mistakes."

"And I thank Him for you, my babies, and my happy home," and so we bade each other good night on our first Christmas in our new home. A happy, thankful, man and woman; a loving husband and wife.

THE END.

Jane Phelps' next story "Sandra, The Jealous" you will find to be a superb one. "A young, untried girl is a good deal like a book with its leaves uncut," writes Jane Phelps in her newest novel. "It may be she will be interesting—or that his thoughts will wander because of a sameness in the story, which bores him. Very young women are so anxious to be everything all at once that they leave no page unturned, nothing fresh and new to stir a man's jaded appetite." Sandra Courtney was this type and Irma Barton was, oh, so very different. Sandra was just 18 Irma had been through the harrowing mill of experience and emerged with no illusions but with startling depths of character.

Sandra had vowed never to wed a man who had been married before. And yet Everett Graham, rich and handsome, forty-one and a widower, persuaded her to marry him. She put aside the thought "To be a second wife seemed like having a warmed over dinner." She was warned by her chum that the ghost of the first wife would haunt her. She didn't love Everett in the overwhelming fashion that novels painted, but that sort of love would come in time, she felt.

Did it come? And did she have

SEARCH FOR GIRL WHO DROPPED NOTE FROM MOVING TRAIN

Cincinnati, June 28.—Police in Cincinnati and Michigan cities are investigating in an effort to locate the writer of a note dropped from a train by a young woman at Sturgis, Mich. It said: "Going to see my brother in Cincinnati for the last time." It also related that the girl had married a soldier, who recently returned from France. Inside the cover of a candy box, in which the note was placed, was written: "God help and receive me and forgive my husband, a sinner." The note also requested that the writer's body be cremated, and the ashes thrown in Lake Michigan.

TWO CAMPAIGNS FOR MONEY IN THE COUNTY FALL DOWN

Two campaigns to raise money, one for the Boy Scouts of America through an associate membership plan, the other for the Salvation Army through a Home Service Fund appeal, have fallen short of their quotas and gone glimmering within the last few weeks.

The Salvation Army campaign was conducted later and it is to the credit of the Xenia Scouts that they accomplished far more than their share. The county quota was \$327 and over \$140 of this amount was raised, all of it by the Xenia Scouts. A. J. Black, who was chairman of the drive here, found it necessary to give up the chairmanship and the work was carried on by the Scoutmaster Robert H. Kingsbury and his assistants during the balance of the drive.

PRETTY MID-SUMMER WEDDING SOLEMNIZED

A pretty mid-summer wedding was that in which Miss Mabel Hoover, daughter of Mr. and Mrs. Samuel Hoover of Hillsboro, formerly of Jamestown, became the bride of Herman McFarland of Cedarville, at the Hoover home, Tuesday evening. The ring service was read at 7:30 o'clock by the Rev. Harley J. Moore, pastor of the Methodist Episcopal church at Bowersville.

The house was decked with flowers, and the ceremony took place beneath an archway of roses and ferns.

Before the bridal party entered the room where the service was read, Miss Lou Tillie Garringer of Jamestown sang "O Promise Me." This was followed by the bridal chorus from Lohengrin, played by Miss Margaret McFarland of Cedarville, sister of the bridegroom.

Miss Lita Weller of Lexington was maid of honor, and she wore pink organdie and carried white sweet peas. Miss Jessie Ary of Bowersville as bride's maid, wore a gown of white net over white satin, and her flowers were pink roses.

Little Miss Mildred Edwards of Hillsboro carried the wedding ring in a white lily, and walking immediately in front of the bride, who was escorted by her father, were her two little brothers, Homer and Kenneth Hoover, who looked charming in white suits.

In her gown of white georgette crepe over satin and her veil of tulle, which was caught in her hair with rose buds, the bride was very lovely. She carried a bouquet of white roses and ferns.

The bridegroom walked with his best man, George Hoover, brother of the bride.

After the ceremony, refreshments were served, and later Mr. and Mrs. McFarland started on a brief honeymoon trip. Before leaving the house,

Mrs. McFarland tossed her bouquet among the guests, and it was caught by Miss Lois McFarland.

Mr. and Mrs. McFarland will make their home for the present with the bridegroom's parents. Mr. and Mrs. Bert McFarland, near Cedarville.

Mrs. McFarland for the last four or five years taught school in Greene county, being employed last in Cedarville township.

CITY DADS DOWN ON POOL ROOMS

Eldorado, Kansas, June 28.—Pool
halls simply will not thrive in this
city, if the city dads can help it. At
least, that is what pool hall men say,

and they base their statements on the
new city ordinance which just went
into effect.

The pool halls pay a license of \$100
a month tax for six tables only. If
they have more than six tables it is
\$10 more per month for each table.

Furthermore, nothing else can be
sold in the room but tobacco and
cigars. Soft drinks, etc., are banned.

MAY BUILD FORTY MILE BOULEVARD AS MEMORIAL

Akron, June 28.—If the plans of W. A. Johnson, head of the Rubber Products Company, Barberton, are adopted, a 40 mile boulevard will be built as a memorial to the soldiers of Summit county, who gave their lives in the world war.

The estimated cost of the project is \$7,000,000 and it will connect Akron, Cuyahoga Falls, Kenmore, Barberton and environs with a paved roadway 80 feet in width from curb to curb. In addition to the boulevard, the plan calls for the erection of residences all along the route and it is pointed out that it will be one of the most desirable residence sections in this part of the state.

WARRANTS WERE OUT FOR MURDERED MAN

East Liverpool, June 28.—The murder of Dominick Berfiore, by an unknown man, has brought out the fact that there were warrants for the arrest of the murdered man in the cities near East Liverpool.

He was charged with shooting up a saloon near Mingo Junction and with shooting at Steubenville and Weirton, W. Va. The charges have been nolleed since his death. Police have no clue as to the murderer who killed Berfiore.

MISS KELBLE GIVES DELIGHTFUL PARTY

Miss Florence Kelble delightfully entertained a company of 20 young people Friday evening, for the pleasure of Miss Myrtle Long, of Tennessee, who is visiting at the home of Mr. and Mrs. Charles Kelble. Dancing was a feature of the evening. The rooms were prettily decorated for the occasion, the colors pink and white being carried out. Dainty refreshments of ice cream, cake and punch were served.

SHE FEELS YOUNGER AND STRONGER.

Middle aged and older persons are apt to suffer from over-worked or weakened kidneys and bladder. Mrs. Warren Dyer, Arkport, N. Y., writes: "I used Foley Kidney Pills for weak kidneys and pains in my back and they gave me relief. After taking Foley Kidney Pills I feel younger and stronger." Sayre & Hemphill, adv.

CITY DADS DOWN ON POOL ROOMS

Eldorado, Kansas, June 28.—Pool
halls simply will not thrive in this
city, if the city dads can help it. At
least, that is what pool hall men say,

and they base their statements on the
new city ordinance which just went
into effect.

The pool halls pay a license of \$100
a month tax for six tables only. If
they have more than six tables it is
\$10 more per month for each table.

Furthermore, nothing else can be
sold in the room but tobacco and
cigars. Soft drinks, etc., are banned.

MAY BUILD FORTY MILE BOULEVARD AS MEMORIAL

Akron, June 28.—If the plans of W. A. Johnson, head of the Rubber Products Company, Barberton, are adopted, a 40 mile boulevard will be built as a memorial to the soldiers of Summit county, who gave their lives in the world war.

The estimated cost of the project is \$7,000,000 and it will connect Akron, Cuyahoga Falls, Kenmore, Barberton and environs with a paved roadway 80 feet in width from curb to curb. In addition to the boulevard, the plan calls for the erection of residences all along the route and it is pointed out that it will be one of the most desirable residence sections in this part of the state.

MISS KELBLE GIVES DELIGHTFUL PARTY

Miss Florence Kelble delightfully entertained a company of 20 young people Friday evening, for the pleasure of Miss Myrtle Long, of Tennessee, who is visiting at the home of Mr. and Mrs. Charles Kelble. Dancing was a feature of the evening. The rooms were prettily decorated for the occasion, the colors pink and white being carried out. Dainty refreshments of ice cream, cake and punch were served.

SHE FEELS YOUNGER AND STRONGER.

Middle aged and older persons are apt to suffer from over-worked or weakened kidneys and bladder. Mrs. Warren Dyer, Arkport, N. Y., writes: "I used Foley Kidney Pills for weak kidneys and pains in my back and they gave me relief. After taking Foley Kidney Pills I feel younger and stronger." Sayre & Hemphill, adv.

LEARNS OF DEATH OF MOTHER AFTER LAPSE OF 2 YEARS

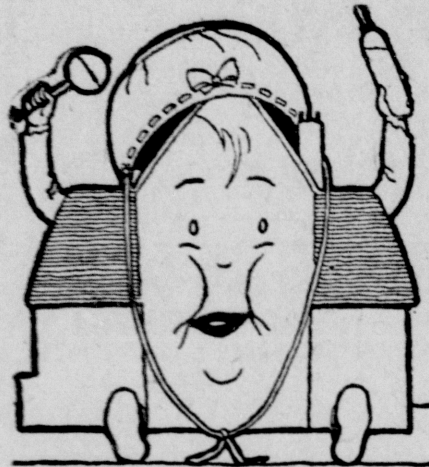

Over two years after his mother died at her home in Borgas, Bulgaria, Tom Valasopoulos, of the New Manhattan restaurant, has received word of his bereavement.

The fact that Mrs. Zoe Valasopoulos, mother of the local man, passed away February 12, 1917, was contained in a letter received a few days ago by Mr. Valasopoulos and written by his brother, a commission man, on April 25. Relatives in that country could not apprise him of the death before because of the strict censorship kept on all mail in the old country.

Although the Valasopoulos family is Greek in nationality they had been living in Bulgaria, many Greeks migrating through the nearby countries in that manner. Mr. Valasopoulos had been planning a return trip to Greece and Bulgaria to visit his mother, as soon as conditions settled in those countries. His father is still living.

Is Your House Staying Young?

Every sensible man wants his house to stay young—to look fresh, bright, and new, unmarked by time or weather.

Houses grow old and look old through being neglected. Paint keeps new houses from looking old and losing value, and gives new life to old houses. To freshen up your house and keep it young, use paint made of

Dutch Boy Anchor White-Lead

thinned with pure linseed oil. Such paint costs no more than some paints which are not all-lead.

We have the right remedy, if your house, your barn, or your garage is not looking as young as it should. Come in and let us show you our complete and up-to-date stock of paints, varnishes, brushes, and all paint accessories.

They have also been studying music and are very accomplished in this art. They will continue their education in this line in Maine. They have two brothers overseas and one brother who has just returned home from overseas and is studying on the violin and piano in the Chicago Conservatory of Music. The three brothers will follow them to Portland later. Little Wayne Rickman is with them.

BERRY, THE HARNESS MAN, BACKS UP DR. PARKER'S GENEROUS GUARANTEE.

J. W. Berry, an old-time harness man of Huntington, W. Va., and well known for miles around, resides at 1421 Seventh Avenue. In an open letter to the public he says: I have suffered for years with indigestion. Food that I ate soured on my stomach, causing gas and never a week passed but what I had a severe headache. I read Dr. Parker's advertisement and on my way home, bought a box of his Treatment for Indigestion, and I will say frankly that it has been a God-send to me. I have no more headache and am not bothered with indigestion, which was the cause of all my sickness. I eat everything that I care for without bad results, which I formerly could not do. If I think that I have eaten more food than my stomach can properly digest, I take a dose of Dr. Parker's Treatment, which helps digest my food and by doing so, I have never felt any bad effects from eating too much. I always keep a box of Dr. Parker's Treatment in my home. I have told many of my friends about it and also told them if it was not just what I recommended it, I would, myself, give their dollar back which they paid for the medicine. This gives you a double guarantee for Dr. Parker, after years of specializing in stomach ailments, absolutely guarantees his treatment for Indigestion and Constipation. Your dollar back if not satisfied with results from a half box. Sold at Sayre and Hemphill, D. D. Jones and A. C. Hawkins.

MISTAKES MAN FOR COW.

Connellsville, Pa., June 28.—In the gathering gloom, the engineer of a freight train on the Baltimore and Ohio saw what he thought was a cow on the track some distance ahead. He stopped the train and, walking to the object, he discovered a man weighing more than 300 pounds, who was sleeping on the tracks.

GO-ED HAD PLENTY OF WHISKEY BUT NO LINGERIE IN TRUNK

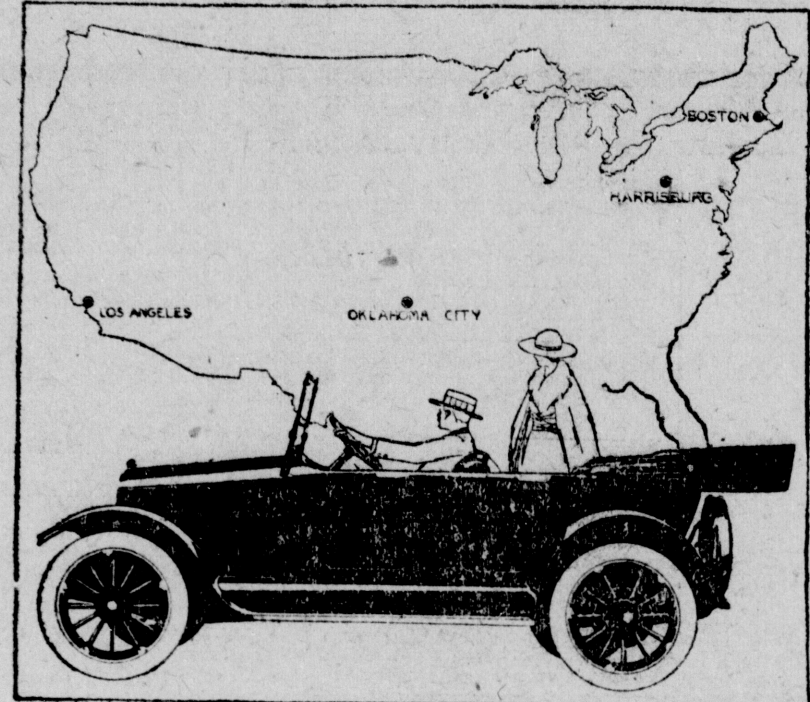

Edmond, Okla., June 28—When

Miss Ada Dudley of Bainesville, Texas, arrived here to attend a summer school and received a trunk she had checked at Kansas City she found it was accompanied by a revenue officer. The trunk was opened and in it was found 80 pints of whiskey. Miss Dudley denied ownership and explained that a porter in Kansas City, whom she had checked her trunk,

must have made a mistake. Her trunk, she said, was a steamer trunk, while the one sent here was a large green one. Her father was appealed to to solve the mystery.

Four Great Records

Only a small part of the story of the unusual performance of the Overland is a matter of record. In the last few weeks, however, from Oklahoma City, Boston, and Los Angeles have come reports of remarkable tests that prove the power, endurance and dependability of Model 90 cars.

Now comes Harrisburg with a new world's record of 702.5 miles a day for 5 1/4 days without motor stop, sealed in high gear. A Model 90 stock car performed this remarkable endurance feat. Let us show you a duplicate of this car.

DAYTON QUIT CLUB DEFEATS THE XENIANS

The quit club representing the Dayton Hardware Dealers' Association got the edge on the quit series with the Xenia Club on the local

grounds Thursday night by winning 5 out of the 9 games played.

A big crowd was present for the affair including 35 members of the Dayton Association who were entertained at dinner at the Grand Hotel before the game. Frank Hamburger, Dayton hardware dealer, was the host for his fellow members. The games following were very much enjoyed.

While the Xenia Quoit Club was practically a pioneer in the reviving of interest in the game in this section, there are now many clubs actively participating in quito contests. Factory teams in Dayton have been springing up like mushrooms, and it is one of these teams that the locals will meet next, a team from the Delco Company, of Dayton, being scheduled to appear here soon. The date has not been set.

LOCAL TROOP OF BOY SCOUTS HAS BEEN REORGANIZED

A reorganization of the local Troop, Boy Scouts of America, was effected at a recent meeting of that organization, at which time Robert H. Kingsbury retired as Scoutmaster and Guy Pillsbury as Assistant Scoutmaster of the local Troop.

Leigh Nisbet, who has been first Assistant Scoutmaster will be the new Scoutmaster and Walter Jobe, who has also been an officer, has been promoted to First Assistant Scoutmaster. A local council to give the tests for merit badges was formed at this meeting and is composed of Dr. W. A. Galloway, who has been taking an active interest in the Boy Scouts and Robert H. Kingsbury and Guy Pillsbury.

Mr. Kingsbury and Mr. Pillsbury became eligible to the local council through their retirement from active association with the troop, it being necessary that council members be men who are not within the active scout body. The council will give all the tests through which the Scouts compete for merit badges in different form of Scoutcraft.

A division of the troop into two parts as relative to water sports, was also effected, many of the scouts owning canoes and being interested in this branch of sport.

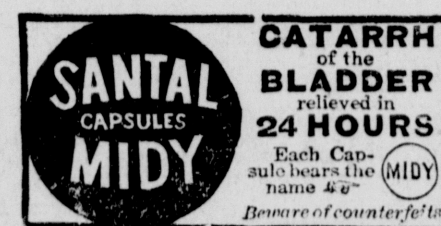

It will be the Scouts' good fortune to again secure a course in advances first aid through the kindness of Dr. W. A. Galloway, who will conduct a class this summer. The advanced course will follow up that given by Dr. Galloway a year ago.

Further promotions made at the meeting were included the promotion of Isadore Hyman, as Senior Patrol Leader, a position parallel to that of First Sergeant in the army. Other patrol leaders are Richard Sayre,

Cherokee, Okla., June 28.—Socialism so absorbed the time and thought of Joe Otti that he failed to provide properly for his wife, according to divorce charges.
 Mrs. Jessie Otti brought suit in the local court, alleging gross neglect of duty and failure to provide and ask that her maiden name be restored. Otti is prominent in this part of the state as a radical Socialist.

**UNCLE SAM PAYS
 NEARLY FIVE TIMES
 REAL VALUE OF LAND**

Your Uncle Sam appears to have been woefully imposed upon in the matter of the prices he has paid for the lands comprising the site of Camp Sherman at Chillicothe, Ohio. An abstract of the first twenty purchases, being the lands of Camp Sherman proper, containing 1,662 acres, with a tax value of \$92,078, shows that the government has paid the enormous sum of \$420,462.20, being an average of 365 per cent over the tax value.
 At a public meeting of the land owners held at Chillicothe last fall it was held that the tax values placed upon these lands was higher than their true value, and now the government pays, on an average, 3.56 times the tax value in the camp site. The increase in amount paid over present tax values ranges from 149 to 762 per cent.

To cite two instances: One tract of 64 acres, with a tax value of \$4,520 brought \$39,000, or an increase of 762 per cent. Another tract of 184 acres, with a tax value of \$1,300, brought \$11,040, an increase of 741 per cent.

In speaking of this matter the Scioto Gazette of Chillicothe says: "It seems that some one has been lending colored glasses to the acquisition department of the army and that by reason of this occurrence their opinions on land values have been warped amazingly.—Madison County Democrat."

DRY LAW BRINGS SALOON TO URBANA AFTER MANY YEARS

Horrors, brother horrors! Urbana has a saloon.
Think of it, a saloon in the beautiful, historical and effete city of Urbana, metropolis of Champaign county, and the place whence come statesmen, great and near great.

But it's so. After years of consistent adherence to the doctrine of Willard, Hobson, Bryan and Sam Small, this historic city has a bar room. There is the same old-time mahogany, which is kept polished by a real honest-to-goodness barkkeep in a white apron. There are the coils—ah, the coils, through which the amber fluid is forced, while the glasses are filled from the copper spigot just as they were in the days of yore. And the glasses, with beads of moisture trickling down the sides, are filled from this spigot with the colorful something, with real, creamy foam on top.

According to latest advices from Urbana, this "grog" shop is operated by a Springfield man, and is being well patronized. "Near beer" of a famous brewery is being dispensed.

For Economical Transportation

A Chevrolet "Four-Ninety" Touring car is a profitable investment, for it yields substantial dividends in efficient service. It is a safe investment, for the excellence of its construction protects its utility.

It is an attractive investment, for the body has a beauty and richness of finish quite unusual with cars of its price.

It is an economical investment, for its first cost is modest and its upkeep low.

BIG FIGHTERS ARE SATISFIED

Toledo, June 28.—Jess Willard is eminently satisfied with the officials selected for the big scrap, he announces.

Jack Kearns, who does the talking for Jack Dempsey, is "perfectly satisfied" with Ollie Pecord as the third man, but—

"I still am opposed to the plan of having two judges and especially those who were chosen," says Jack.

"Mr. Rickard is a fine man and so is Mr. Biddle, but it was my understanding that if judges were chosen at all, they were to be experienced fight referees. I will take the matter up with Rickard."

It was announced that Ollie Pecord's stipend for the 36 minutes or less he will officiate will be \$2,500.

WHO STOLE EVE?

Who stole Eve? Such is the question that confronts Manager Harry Kress of May's theater. Three sets of four pictures of "Birth of a Race" have been stolen from the post board in front of the theater, two on Sunday night and another last evening. Adam was left to his fate and not molested. A reward is offered for information leading to the guilty party or parties.

The pictures were hand painted and were specially painted for the play of "Birth of a Race." Many others, equally beautiful were not taken, Eve seeming to have the thieves' fancy.—Piqua Call.

KILLED 25 HUNS BUT ALSO BEAT WIFE

San Francisco, June 28.—Although this man claims to have killed 25 Germans while fighting in France, I should say from the way he beat his wife before the war, that his average should be at least 100 Germans a month.

This is what Mrs. Margaret Whitbeck told Superior Judge Thomas F. Graham, when called as corroborating witness in the divorce suit of Mrs. Estella Maata, a pianist, recently returned from France. Her remark was provoked by the statement of Mrs. Maata to the court that she

would not accept \$2,000 lump sum alimony, because her husband had just returned from the front and had not yet re-established himself in business. Mrs. Maata was given a divorce.

**THOMAS TAGGART
SENDS CATALOGUES
TO XENIA FRIENDS**

Copies of the catalogue of the
French Lick Springs Hotel, French
Lick, Indiana, of which Thomas Tag-
gart, is President and owner, has
been received by Xenia friends of Mr.
Taggart.

THOMAS TAGGART.

The catalogue attempts to convey
the many natural and architectural
beauties attached to this famous water-
ing place, to the printed page and it
contains many beautiful and colored
pictures showing exterior and inter-
ior views. A birdseye view of the
famous Hotel and beautiful photo-
graphs of the rich interiors of the
hostelry are shown to good advantage
in the cleverly gotten up catalogue.
The wonderful medicinal powers of
the famous water at French Lick,
which have been highly extolled by
medical men, and by H. E. Barnard,
Chemist of the Indiana State Board
of Health, have attracted many peo-
ple to the Springs, where a beauti-
ful hotel, pleasing natural scenery
and plenty of outdoor sports and
exercise, prove a popular as well as
healthful combination.
Views such as are contained in the
catalogue were also published in a
recent issue of the rotogravure sec-
tion of the Buffalo Sunday Times.

COURT NEWS

Owing to technical errors in the
papers, Judge C. H. Kyle held this
morning that he had no jurisdiction to
try the divorce suits of Wilbur Ross
and Mary E. Ross, of Bowersville, Fri-
day morning. Each is suing for di-
vorce. A large number of witnesses
had been subpoenaed and were on
hand to testify. The Ross' are well
known in Jefferson township, and one
charge of Mrs. Ross against her hus-
band was that he kidnapped their
child from her at the home of her
mother in Florida.

Ellisville, Miss., June 28.—Trained

sippi by posses which included sever-
al hundred members of his own race,
John Hartfield, negro, confessed as-
saultant of an Ellisville young woman,
was captured, desperately wounded,

To Calculate Interest.

A rule often recommended for cal-
culating interest for short periods is
as follows: To find the interest of
any given sum for any number of days,
multiply the principal by the number
of days and divide as follows: At 5
per cent, by 72; at 6 per cent, by 60;
at 7 per cent, by 52; at 8 per cent, by
45, and at 9 per cent, by 40.
